

Composite panel

Brief description: A composite panel containing an assortment of medieval fragments, including architectural designs, four crowns of different styles, red flashed glass with Rinceco patterns, an urn and an archbishops crook. Border pieces with the following designs: one crown, four white glass rectangular fragments and four light to pale deep blue rectangular fragments. The whole panel contains various fragments which have been leaded at a later date after the original panels had been damaged with small red and blue and green in-fills.

A composite panel containing an assortment of medieval fragments with an assortment of meanings including: royal, religious, decorative and architectural.

Object type: panel

Number of objects: 1

Production date: 1

Production period: Medieval

Dimensions: Height: 649 mm, Width: 393 mm

Acquisition: gift 2010

Acquisition source: Leach & Sons

This item is not currently on display and can only be viewed by prior arrangement

Accession number: ELYGM:2013.18.4
