

## Composite panel

**Brief description:** A composite panel containing an assortment of medieval to 19th century white glass diamond quarry fragments with floal designs with one later additional blue diamond quarry with a mismatched floral design. Border designs include four rectangular painted fragments with a diamond motif, eleven blue fragments of various shades of blue and five painted diamond fragments with floral designs inside the diamonds. The panel contains Medieval fragments which have been releaded after the original panels had been damaged with thin in-fills made up of cut up diamond quarries.

A composite panel the majority of which are made of diamond quarries with rectangular borders. The quarries contain decorative floral depictions.
